Liko's Overhead Lifting System

Multirall

Room to room (Likorall R2R)

FreeSpan UltraTwin

A full range of installation options

Liko's overhead installation options means that the system can be installed anywhere free-standing, or suspended from ceiling or wall, with or without floor support. All overhead lift motors include emergency lowering devices.

A wide range of accessories

Liko's Lift Accessories allow staff to master any lifting or transfer situation easily, safely and smoothly. Liko Lift Accessories include a selection of sling options for lifting patients in upright, reclined, or horizontal positions. Liko slings come in a variety of styles, sizes and materials. Specially designed accessories permit staff to master difficult and delicate lifts in critical care areas. An optional electronic scale mounts conveniently between the slingbar and the lift strap.

Liko is quality certified according to ISO 9001 and environment certified according to ISO 14001.
