

Liko™ M220 and M230 mobile lifts

Cost-effective mobile lifting solutions

M220

M230

The Liko M220 and M230 mobile lifts offer affordable solutions for most common lifting situations for patients and residents in healthcare facilities and home environments.

Features and benefits

The M220 Mobile Lift incorporates a **manually adjustable base** for lifting operations, while the M230 model is **electric**, including **base-width adjustment**

Manual and electric emergency lowering mechanisms ensure safe operation for caregivers

A **long lifting arm** provides easier access to patients situated in the centre of a bed

A **low base clearance of 105 mm** means the lifting base fits easily under most beds

Compatibility with an extensive range of slings, enabling caregivers to adapt the lift to the individual patient/resident needs

Optional scale offers caregivers the ability to **weigh patients/residents directly in the sling** during transfers

An easy-to-use lifting solution with **intuitive hand controls**
